

## Dear readers and authors of our Journal,

The editorial Board seeks to ensure that the papers of our authors are meant to be best accessible for a wide audience. In this section we have already shown you how to make references to our journal correctly in English-language publications.

Citation of papers published in our journal is constantly growing, and it is evidenced by the statistics presented below. The data was chosen from Scopus, the largest and the most popular international database. The table shows the number of papers with references to our journal, including references from the authors not affiliated with ITMO University, as well as from the foreign authors.

The information is constantly being updated.

Number of references to the journal  
in SCOPUS (sources) dated  
15/09/2020

YEAR	Total	Not ITMO		Not Russia	
		Total	%	Total	%
2020	104	74	71,2	12	11,5
2019	190	145	76,3	30	15,7
2018	157	102	65	26	16,5
2017	122	62	51	9	7
2016	103	47	46	5	5
2015	56	22	39	2	4
2014	40	7	18	1	3
2013	13	3	23	3	-

Number of references to the journal in SCOPUS  
(sources) within a particular field of knowledge  
dated 30/06/2020

Year	Total	Engineering	Computer Science	Physics and Astronomy	Mathematics	Materials Science
For all years		392	357	288	202	161
2020	104	57	51	35	17	14
2019	190	79	79	57	50	33
2018	157	59	53	46	40	26
2017	122	65	50	44	29	24
2016	103	51	41	36	25	19
